DETAILED ACTION

The Amendment filed on September 11, 2006 has been acknowledged.

Information Disclosure Statement

The information disclosure statement filed on August 14, 2006 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because the Japanese Office Action is not provided with an English translation. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 2863

Claims 48, 52, 54, 57, and 87 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 57 and 87, how can removing the film **create an air communication port** to the atmosphere? Does the applicant mean creating air communication to the atmosphere via an air communication port. The air communication port should have already existed.

Claim 48, the recessed port does not communicate with the air communication port (see Figs. 9's).

Claim 52, the engaging recess (60) does not have the capacity to receive gas escaped from the ink cartridge. Rather, it is the recess (145) that have the capacity to receive gas.

Claim 54, how can the recess be completely and partially covered at the same time?

The remaining claims are also rejected under 35 U.S.C. 112, second paragraph, for being dependent upon a rejected base claim.

Allowable Subject Matter

Claims 48-57 and 87 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 11-15, 17-23, 36-39, 42-47, 58, 60-65, 68-73, 83-86, 92, 93, 95-101, 103, and 106-133 are allowed.

Reasons For Allowance

Please refer to Applicant's remarks filed on September 11, 2006 and previous reasons for allowance.

Response to Arguments

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.
